

### Outstanding Client Engagement

“We are a client-centered & results oriented, full-service law firm. Whether a client needs quick advice or is in a long-term fight for justice, we will always be responsive to the client & their specific needs. Not only does Case Status help us to meet our clients where they are, but with the insights & analytics, our team can manage our client-centered performance with precision.”

### Outstanding Technology Stack

“We are a proud to leverage the robust Meruscase solution because it is robustly built for Workers’ Compensation & PI practices. The Meruscase API integration to Case Status allows for seamless back-office to front-office integration and coordination. And with Case Status for Google Chrome, we get all the power of Case Status right inside the same console as Meruscase. This is a must for staff to make the most off client engagement.”
